

West Yorkshire Combined Authority

Record of Decision made in respect of the Mayor's Police and Crime Commissioner functions

Title/Subject: Vodafone GigaCube
Serial No: MPCC094
Summary: GigaCube by Vodafone has been identified by NPAS IT Technicians as an appropriate, relatively cheap and effective solution to the connectivity issues at NPAS Birmingham until the NPAS IT Network is installed. Although options for both 4G and 5G network coverage are available, it is considered that 4G will suffice for NPAS needs. Maximum annual cost is £1,700 but the cube can be turned off with 30 days notice. This is a short term fix to provide improved internet connection.
Requested Decision: To enter into a contract with Vodaphone for use of Gigacube technology.

Decision:
Approved
