

### Details of invited tenders - 1st April 2017 to 30th June 2017

Reference	Title	Created	Description	Contract Start Date	Contract End Date	Customer
PROJECT CA0259	Glasshoughton / Carr Beck Flood Study - Project Review	03/04/2017	Review the existing information provided in the tender pack and assess any gaps or additional information that may be required. Deliver a drainage solution to provide surface water storage for up to 5000 cu.m. for the Waystone development(s), surface water storage for the proposed Glasshoughton Southern Link Road (GSLR) and the provision of additional flood compensation storage for the Carr Beck catchment. Provide a Flood Risk Assessment to support the planning application for the GSLR. Review the findings of a previous Catchment Strategy, to verify the robustness of the outcomes / recommendations and the accuracy of costings and the assessment of works and initiatives. Review the previous hydraulic model for the Carr Beck Catchment Strategy, validate the data and methodology and update with new development flows to Environment Agency (EA) standards to update the existing Environment Agency Flood maps. Based on the updated model information update the Catchment Strategy and review and update the previous Flood Defence Grant in Aid (FDGIA) submissions.			Wakefield
PROJECT NO. CA0260	Cycle Training and Bike Provision for CityConnect Cycles Project	12/04/2017	Seeking a delivery partner for the cycle training and bicycle provision element of the CityConnect Cycles project, funded by the Cycling and Walking to work fund. This project has two key elements. Firstly, the provision of cycle training to adults across West Yorkshire through pre-existing cycle hubs. This will be at national standards levels 1-3. The second element of this tender is to provide trainees with access to a bicycle, funded through the scheme. WYCA expect the delivery partner to perform both parts of this tender, including the build, delivery and handover of the bicycle to the intended trainee.	01/08/2017	01/08/2018	Cycling
